ROOMMATE PREFERENCE FORM

Many students prefer to have us assign roommates – many lasting friendships have resulted from “potluck” rooms! If, however, you have a roommate preference, we will be happy to consider it, provided that the request is mutual.

Each student must send in her own form. All requests must be received in our office by June 4, 2012 in order to be considered. Please email your request to midreshetoffice@gmail.com or fax to +972-2-6511524 in Israel or (516)342-5316 in USA.

Roommate assignments will be made only for students who are financially clear.

Please carefully consider with whom you would like to room. In the past, some girls have found that rooming with a close friend can place an additional strain on a pre-existing friendship. If you would like to contact Sarah the em-bayit you can email her at Sarah Proops: sarah5390@hotmail.com.
